Heaven...

...miracles...

So it is true...

No sign at all that the fire brigade is coming.

Kyoukoku says this is because Akayan Wintan's father had "arranged" it but...

In my opinion it is more a case of the family's usual bad behavior...

and now it's time for them to "reap what they had sown..."

Well, I don't care about the Shindo family's crappy days...

They can burn down as many of them as they like - but...

I don't want

to get "toasted" too!

Oh well...

Isn't that
by itself

But...

Can you

And you

We are
after all
down in the

I have to
ask you one
question...

What?

After all
I have been
trained with
shortswords and
practiced with
poisoned hand-
sawfishes.

Training
that includes
different kinds of
martial arts with
different weapons,
all under conditions
extremely close to
real combat. And
also inflexible
training.

Hey,
Focus
for a
second!

You've
said all
of this
before!

Oh? Is
that so?

Um...
then...

Only when we
have mastered all
these core topics
do we get sent to
conduct espionage
around the world,
so basically it's
an academy for
training spies.

You've
already
said that
too!

Then...
Then...

How 'bout
we start
asking some
questions?

Oh,
that'd
be great!
Thank!

First
let me
ask
you...

So that's it. ♡

Is this scroll so valuable, that you had to go to such lengths to acquire it?

No! No!
No! No!

I wanted to ask you about this problem too!

Huh?

...Why?

Why wouldn't Kurumi Shindo hand over the Tiger Roll no matter what?

We offered a million US dollars, but she wasn't tempted at all!

Taniguchi would have been up at a fever for one trillion
gold-plated than one trillion in a modern currency.

But he
came
in too

I still
have lots
that I
want to
ask her.

Very

Such
as the
location of

No, no

WHAT'S
QUITE
SMALL?

You are
the one
using a
false name!

There is
no future for
Shindo-ryu
if it loses
its heir!

to avoid the

There can
be only one

Let the young

Miss Mayumi
CONTINUE
the **BLOODLINE**
right now!

That's right!
The fruit from
the young

Okay people, let's get changed now!

We're already doing it!

Even if we are students of a ninja school...

there's no need to go on for us dressing up like ninjas too!

The only ones to wear this stuffy and heavy outfit during excursions must be those teacher's pals in Toby's group!

They are model students after all!

Pah!

That's their limitation!

Following school rules and going by the book won't hack it in combat!
